#### IS EDWARD W. ROWE DISQUALIFIED!

A new point will be raised in the courts to-day in the effort to set aside the award of \$570,000 for the plant and franchises of the Long Island Water Supply Company, made by the commissioners ap pointed by the Supreme Court. An affidavit has been the counsel for the city to the effect that Edward W. Rowe was disqualified from serving as a commissioner on the ground that he is a member of the Board of Education. The politicians owning the stock of the company, who tried to get \$1,250,000 for P from the city through Mayor Chapin, sought to get their price for the property through the com-mission. The majority of the members were appointed in their interest, but after George H. Her man was found to be disqualified through lack of property, and E. M. Shepard succeeded him, the majority fixed the price of \$570,000, and Messes Nowe and Emery refused to agree with Messrs. Bliss Bunt and Shepard, their associates. It was expected that an effort would be made to prevent the confirma tion of the majority report when the question carry up to-day, but the effort to upset it on the ground of the disqualification of Mr. Rowe was a surprise. The contention that his seat in the Board of Educa tion aisqualifies him for service in the commission. held not to be sustained by the city charter, but his acceptance of money from the city treasury for his services as a commissioner may prevent his serving jonger in the Board of Education, as it would be contrary to the previsions of the charter.

THEY SAY PASSENGERS ARE DELAYED. Another conference was held in the Mayor's office yesterday in regard to the complaints relative to delays and transfers of passengers in the route of the Coney Island and Brooklyn Railroad Company in Emma Juch is to sing. Jay, Smith and Ninth sts. Henry W. Slocum, jr vice-president of the company, said that the company only transferred its passengers in the winter and gave them a continuous trip in summer. The company said they had a legal right to do this Owing to difficulty in securing cars, as many could not be run as was desired this winter. Assistant Corporation Counsel Greenwood gave an opinion that the company had no right to transfer passengers. Major P. H. McNulty, F. Roth and George Dennis representing protesting property-owners, wanted the Corporation Counsel to bring an action against the company to compel continuous trips and to have the charter annulled if the terms were not complied with. Assurances were given that the company would do all in its power to accommodate the public

THE LUNATIC COMPLAINS OF ABUSE.

A few days ago a lunatic from the County In sane Asylum was taken before Judge Clement in the City Court in a strait-jacket. The judge expressed surprise and said that it was the first time such : thing had occurred in his experience. The mat answered questions put to him rationally, but the officer with him said he was dangerous. The man complained of ill-treatment and abuse at the asylum. The judge directed that he be brought before him again in a few days, but this was not done, and resterday he inquired about the case and again directed the man to be produced. The records of the Charitles Denariment show that the man was Prederick Williams. His story of abuse is denied.

APPARENTLY HE WAS A KIND OF BLUEBEARD. Mrs. May Dehun, of No. 218 Calyer-st., secured a warrant a few days ago for the arrest of her husband, Frederick, for having threatened to take her life. The warrant was given in charge of Court Officer McGrath, who went to the Calyer-st, address on Thursday night, and found Dehua sitting on t step of the stairs, guarding his wife's apartments Mrs. Dehua, who was imprisoned, was calling for help. The policeman took his prisoner into custoly, and then released the woman. She was in a great her husband had locked her in the rooms for the night in order that she might pray, declaring that he intended to hill her at daylight. When arraigned vesterday before Justice Watson he was sent to juil for ten days.

THEY THOUGHT THE OFFICER WAS A BURGLAR. John Fleming, an employe in the McKesson & Robbins chemical factory in North Eleventh and Berry sts., was armissed vesterday before Justice Goetting in the Lee-ave, police court., on a charge of burglary. Fleming was arrested on Thursday night by Policeman Jones, while ransacking the office of the firm. He was detected by the watchman, Jacob William Haupt, of No. 105 North Eleventh st. Mr. Haupt telephoned to Police Headquarters that a burz the factory. In the mean time Polloeman Jones had arrested Fieming and was leading his prisoner from The Rev. Edwin C. Bolles v the building through a dark hallway when they were two stalwart officers, who believed that Jones and his prisoner were pals of Fleming.

"You are our prisoners," cried the policemen.

A lively souffle followed and when the street was Mails from China and Japan of the following dates mistake was discovered. Jones had held tightly to his prisoner, who was lodged in a cell in the Fifth Precinct station. When brought before the magistrate he denied that he was in the factory with evil intent, but was held to await the action of the Grand Jury.

THE TENOR RAN AWAY WITH THE CONTRALTO The members of the Episcopal Church of the As-cension in Kent-st, near Manhattan-ave, have been excited over the disappearance of Miss Birdle Ball, twenty years old, the contralto of the choir. Miss Ball lived with her parents at No. 152 Calyer-st. Two weeks ago she disappeared, and, it is believed, was accompanied by William Davis, the tenor of the choir. Davis is a man of middle age. They both attended a meeting of the choir two weeks ago and left the church together. Since then neither has re-turned to the church. Davis is employed in the wholesale toy establishment of Stroebel & Wilken, No. 501 Broadway, New-York. He has attended to his duties daily, but refuses to tell why he left Brook lyn so suddenly. He admits that he married the

FOUR STUDENTS TO BE ORDAINED.

Pishop McDonnell will ordain four students of St John's Seminary, to-day. The ceremony will take place at the cathedral, the leading clergy will attend, and the entire body of seminarians will sling the offices. The Bishop is gradually taking a strong hold on the respect and affection of hi people. His administration so for is said to be acceptable to the priests and laity. Vacant parishes have been supplied with pastors of merit; nearly a chancery office, manned by competent manager, transaction of business, and a hundred irritating legal church difficulties Bishop McDonnell has pleased his friends by keeping a discreet silence and a strict neutrality. The feeling over his appointment has entirely died out among that section of the priests who desired a Brooklyn priest for Bishop.

STABBED FOR A CAN OF BEER. Michael Georgeo, an Italian pedler, and Raphael Martifrisso, living at No. 226 North Tenth-st., played a game of cards on Thursday night, the stakes being for beer. The games were carried on until an early yesterday morning, Georgeo losing . At 3 o'clock, when the last can of beer prrived, Georgeo 'seized it and drank its contents This so enraged Martifrisso that he drew a stilette and stabled Georgeo several times in the head and face. The latter staggered to the street where he fell unconscious in the snow from the lo-s of blood. He was found a few minutes later by Policeman McKee, who after having him removed to the Eastern District Hospital, went in search of Martifrisso, who was found concealed beneath a mattress in his bedroom. At the station three stillettes and two jacks knives were found in his possession. He was held by Justice Goetting to await the result of Georgeo's injuries.

GATHERED ABOUT THE TOWN.

Jacob Schleicher, of No. 70 Leonard-st., was ar raigned vesterday before Justice Watson on a charge of beating his wife. Schleicher had been arrested or three other occasions for a similar offence, and each time Mrs. Schleicher had refused to prosecute him. Yesterday Mrs. Schleicher tried to withdraw the charge but the magistrate refused to allow it. When the woman took the stand she tried to give the impression that she deserved any beating she had received. Schleicher was sent to jail for five days.

Frederick Docknagle, of No. 182 Stagg-st., was ar raigned yesterday before Justice Watson on a charge of pushing his stepdaughter, Mary Arnauln, on a red The alleged offence occurred yesterday morning, and the young woman was reported to have been basly burned. Docknagte told the magistrate that the girl had run against him while preparing brenkfast, and in that way had fallen upon the Her clothing had saved her from being fatally burned.

A MUNICIPAL LODGING-HOUSE.

IT HAS BEEN ESTABLISHED BY THE CHARITY ORGANIZATION SOCIETY.

The woodyard of the Charity Organization Society which has been successfully operated as a labor test for many years, is to be enlarged and made part of a municipal lodging house or "Wayfarers' Lodge," These are familiar terms to all who have followed the de-velopment of organized charity. They are used to They are used to designate refuges to which the homeless may be referred with assurance that unless they are criminal or professional vaguants they can obtain food and lodging by working for them. They have been in successful operation in Boston, Philadelphia and other cities for some time, and could have been organized in New-York under the Municipal Lodging House of 1886, except for the persistent opposition of the city authorities to their establishment at public expense, and their insistence that they should be provided by private philanthropy.

The Charity Organization has joined with other societies in urging the city authorities to act ever since the passage of the law, but after six years of vain effort, and since the recent reiteration by the Comnissioners of Charities and Correction, of their opinion that such lodging-houses should be established by put enterprise, the society has determined to act for tiself. Four lots have been leased in West Twentyeighth-st. Part of the premises will be occupied by a lodging-house, which will accommodate 200 men, and the rest by the woodyard. Applicants will be re ceived at any hour of the day or night, Sundays and holidays included, and supplied with meals and lodg ings, in return for a given amount of work, either in the woodyard adjoining or in lighter occupation, acording to their physical condition. The work hours will not be so prolonged as to prevent men from e for work. It is desired not only to prevent men able to work from receiving support with out rendering an equivalent, but also to encourage

them to find regular employment. Every man before being allowed in the sleeping quarters will be compelled to take a bath and have phase disinfected. Several important objects will thus be accomplished. Street-begging on the part of able-bodied men should be stopped. They can find food and lodging at any hour of the day or night if they will work for it. The work will be too hard to attract the unemployed to the city. The descring can avoid the contamination of the police station. The bath and disinfection will prevent the transmission of typhus or other contagious diseases. The wordy will have an ablding home. In which its works can be enjarged and conducted with greater system and economy.

The value of the property inclinding the new buildings is about \$50,000. The society has a building in the new buildings is about \$50,000. The society has a society building in the new buildings is about \$50,000. The society has a society building in the new buildings is about \$50,000.

The value of the property including the new buildings is about \$50,000. The society has an option of purchase and the rent has been assumed by the members of the woodyard committee, as the society has no funds for the purpose. It cannot be entirely self-supporting. Abunal subscriptions toward its support is in progress to increase the amount to \$5,000.

This word is to the early birds-late ones by and by.

Spring overcoats are ready. Come in and look at them; bring your note book if you like, and get all the information you can; try on a few-they slip on so easily, and feel so good you'll enjoy the experience. Then go to your tailor and tell him how to make them just as good as ours.

Let us be perfectly frank with you though-that tailor's chances will be mighty small.

You will find also the best of winter wearables for men and boys, hats shoes and furnishings among the rest.
